Clean Air Act Checklist

	Self Check	Teacher Check
I used all three Internet sites and took thorough notes.		
I answered each question in depth using my research notes. I had my parent or older siblings read and critique my answers.		
I addressed at least five main points for each Clean Air Act.		
I included information about the success and impact of each Clean Air Act.		
I formulated an opinion about the Clean Air Acts and explained my thinking.		
I researched and analyzed the obstacles countries face when following the mandates of the Clean Air Acts.		
Optional: I created my own timeline of the Clean Air Acts using creativity and original work.
