

10 Million
Teachers
trained.
Countless
classrooms
reinvented.

At Intel we believe in the power of technology to transform the lives of individuals, and the communities in which they live. We believe dedicated teachers nurture the innovative potential in young people—preparing them to step into a world where an understanding of technology can help shape their success. Over the past 12 years, these beliefs have fueled our commitment to Intel® Teach, a program that has helped 10 million teachers in 70 countries prepare their students with the skills they need to succeed in the global economy.

Please join the Intel® Teach community as we celebrate this major milestone and the accomplishments of these dedicated teachers at:
