Intel® Server Board SAI2 Resource CD Information

Information in this document is provided in connection with Intel products. No license, express or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document. Except as provided in Intel's Terms and Conditions of Sale for such products, Intel assumes no liability whatsoever, and Intel disclaims any express or implied warranty, relating to sale and/or use of Intel products including liability or warranties relating to fitness for a particular purpose, merchantability, or infringement of any patent, copyright or other intellectual property right. Intel products are not intended for use in medical, life saving, or life sustaining applications. Intel may make changes to specifications and product descriptions at any time, without notice. The **Products Affected** may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.

Products Affected

Product	Product Code
Server Board SAI2 - Boxed	SAI2

Description

Using the server board SAI2 Resource CD-ROM build 4 (A66633-004), Intel has found that after you accept the license agreement the system will ask if you want to close the window. Clicking on yes to close the window will close it and the welcome.htm screen will not open.

Root Cause

This is an issue with the license.htm file included on the SAI2 resource CD-ROM.

Workaround

After booting to the SAI2 resource CD-ROM and accepting the license agreement, if you click on "No" when it asks if you want to close this window it will open up welcome.htm automatically.

Corrective Action

Intel will include an updated license.htm file at the next revision of the resource CD-ROM.

Please contact your Intel Sales Representative if you require more specific information about this issue.
