Intel products are not intended for use in medical, life saving, or life sustaining applications. Intel may make changes to specifications and product descriptions at any time, without notice. The Intel Storage System SSR316MJ2 may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.*

### Products Affected

Intel® Storage System SSR316MJ2

### Description

Storage System software version 6.0.25.x for Intel® Storage System SSR316MJ2 currently does not support Microsoft iSCSI Software Initiator Version 2.0 (build 1653). Performing a Microsoft iSCSI Software Initiator Version 2.0 (build 1653) login to the storage system using Storage System software version 6.0.25.x will fail. Discovery through Internet Storage Naming Services (iSNS) using Microsoft iSCSI Software Initiator Version 2.0 (build 1653) no volumes from the storage system will appear.

### Root Cause

Storage System software version 6.0.25.x does not have the supporting base code to support the recently released version of Microsoft iSCSI Software Initiator Version 2.0 (build 1653).

### Corrective Action / Resolution

Future releases of the Storage System software for the Intel® Storage Server SSR316MJ2 will provide supporting base code to support Microsoft iSCSI Software Initiator Version 2.0 (build 1653) beginning with revision 6.3.x and higher. Visit <http://support.intel.com/support/motherboards/server/ssr316mj2/index.htm> to get the latest software and drivers for Intel® Storage System SSR316MJ2.

### Workarounds

Storage System software version 6.0.25.x and below for the Intel® Storage System SSR316MJ2 is compatible with Microsoft iSCSI Software Initiator Version 1.06 (build 302). Available at <http://www.microsoft.com/>.
