**Tally.ERP 9**  
Tally.ERP 9 is the latest offering of the Tally so ...  
[Description](#)

Tally.ERP 9 is the latest offering of the Tally software series. As with all Tally products, rapid updates are made available for the lifetime of the product via periodic releases, thereby providing the high level of business capability that millions of users trust. Highlights include a very light product footprint, immediate access to new features and enhancements, easy data migration and more.

**Type:** Application

**Install**

### How to obtain the serial number and activation key

Tally.ERP 9\* serial numbers and activation keys can be obtained from Intel Customer Support. Contact information can be found [here](#).

Be ready to provide the following information when requesting serial numbers and activation keys:

- MSP Name
- MSP Company Name
- E-Mail Address
- Asset Tag ID of the Intel<sup>®</sup> Hybrid Cloud server where the Tally.ERP 9 application is to be activated

#### Note:

- Tally.ERP 9 License is valid only for 30 days from the date of activation.
- User will get a notification 10 days before deactivation

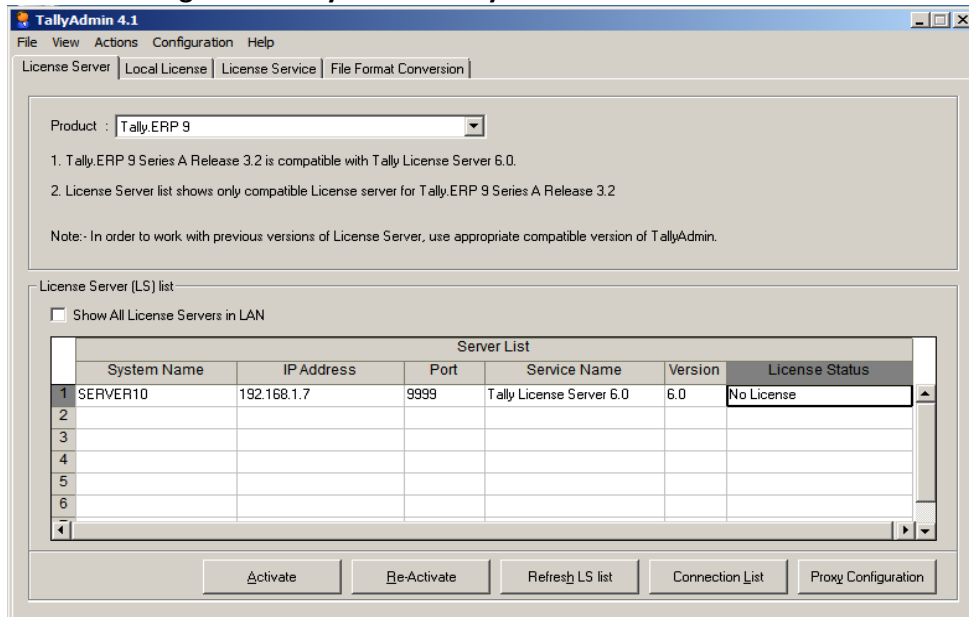

Copyright © 2012 Intel Corporation. All rights reserved. Intel and the Intel logo are trademarks of Intel Corporation in the U.S. and/or other countries.

\*Other names and brands may be claimed as the property of others.

- Tally.ERP 9 Application will get automatically reactivated, if the Application is connected to internet.
- If not reactivated automatically due to no access to internet, user has to contact Intel Customer Support for manual reactivation.

### How to apply the Tally.ERP 9\* serial number and activation key

1. Log into Hybrid Cloud Server Manager.
2. Select Appliances button, the Appliances page opens.
3. Select the appliance where Tally.ERP 9 is installed on.
4. If the appliance is Stopped, click on the Start button. Select the Console tab. The Console page opens.
5. Click the Launch button next to VNC Console. The VNC window opens up.
6. Log into the appliance.
7. Choose **Start > All Programs > Tally.ERP 9 > Tally Admin**

8. Click on the **Activate** button under *License Server* tab. The Activate License window pops up. Fill in the required fields.

Serial Number :

Activation Key :

E-Mail ID of Administrator :

Repeat (E-Mail ID of Administrator) :

Account Name :

(Easy identification of your Account. It could be organization name or individual name.)

Activating your license is a simple two-step process. Once your Serial Number and Activation Key are confirmed, you will receive an E-Mail giving you some important details:

1. Your Tally.NET Account ID (which you may later modify)
2. An Unlock License Key (which you will require to complete the Activation process)
3. Details on how to access your Tally.NET account and use it effectively for your organization.

Please remember that the Activation process can be completed only with 'Unlock License Key' which is sent in the E-Mail to the Administrator. It is important, therefore, that a valid E-Mail is given.

In case you have multiple copies of Tally.ERP 9 (because of multiple locations of your offices), you may already have a Tally.NET Account. In such case, use Multi Site button to activate additional site for your organization.

9. Click the **Submit** button. The confirmation window pops. An e-mail with the unlock key will be sent to the Administrator email ID specified in the Activate License pop-up window.
10. Open Tally\* Admin application if it is closed. Choose **Start > All Programs > Tally.ERP 9 > Tally Admin**
11. Click on the **Unlock License** button.

Unlock Key :

Unlock License Key has been sent to the E-Mail ID you have provided in the Activation form.  
If you have not received an E-Mail, Click on <Self Support> button and click on 'Get Unlock Key' for obtaining the Unlock key by providing the Serial number.

12. Enter the *Unlock License Key* from the email sent from Tally\* and click **Submit**. Successful activation window pops up. Tally\* has been activated.

## How to Uninstall Tally.ERP 9\* Application

- a) Log into Hybrid Cloud Server Manager.
- b) Select **Appliances**  button, the Appliances page opens.
- c) Select the appliance where Tally.ERP 9 is installed on.
- d) If the appliance is Stopped, click on the **Start**  button.
- e) Click on the **Application** tab
- f) Click on the uninstall button.
- g) Tally.ERP 9 application will be uninstalled.
