SUPPORTED PRODUCTS:

SOFTWARE

This driver supports both 32-bit and 64-bit variants of Microsoft Windows XP, Windows Embedded Standard 2009(1), and Windows Embedded POS Ready 2009(1) operating systems.

Note (1): These supported operating systems are for embedded designs and usage models only.

HARDWARE

All platforms with the following configurations are supported:

- 3rd Generation Intel® Core™ Processors with Intel® HD Graphics 4000/2500
- 2nd Generation Intel® Core™ Processors with Intel® HD Graphics 3000/2000
- Intel® HD Graphics on Intel® Pentium® Processor 900/B900/G600/G800/2000/G2100 Series
- Intel® HD Graphics on Intel® Celeron® Processor 700/800/900/1000/B700/B800/G400/G500 Series

Note: If you are uncertain which Intel processor is in your computer, Intel recommends using the Intel Processor Identification Utility or Intel Driver Update Utility to identify your Intel processor.

CONTENTS OF THE PACKAGE:

- Intel® HD Graphics Driver
- Intel® Display Audio Driver

ISSUES FIXED:

The following issues have been fixed in this graphics driver.

VIDEO

- Fixed issue where artifacts and incorrect colors may be seen while playing .MP4 video clips.

OTHER

- Fixed a blank DisplayPort* monitor issue that may be seen after turning the monitor off then on.
- Fixed issue where system may freeze after opening and closing windows.
- In Microsoft Excel*, the PowerPivot Field List is no longer blank.
- Fixed issue where system does not automatically change to Clone mode after connecting an EDID-less monitor for the first time.
- Fixed issue where horizontal line noise may be seen after booting to the Windows desktop.

* Other names and brands may be claimed as the property of others.
